FPL evaluates all claims fairly. If your claim is denied, we will explain the reason for the denial. If a specific electric rule (such rules are filed with the Florida Public Service Commission and have the force and effect of law) applies, we will provide you with an explanation or a copy of the rule. We have been getting a number of questions and comments lately regarding the possible relationship between solar activity and geological activity, such as earthquakes and volcanoes, so I have decided to look into the matter in more detail. First let [...]Chapter 12 Fluid and Electrolyte Disturbances Associated with Tube Feedings Clinicians generally agree with the philosophy that "When the gut works, use it."
