

Download Multiplication Table Rhymes

This past week, teacher Jackie wrote into the WeAreTeachers HELPLINE! asking for help with learning multiplication facts. “The elementary kiddos at my school are struggling to learn their multiplication facts,” she says. “We are using rhymes like ‘8 and 8 fell on the floor. They are 64 ...I compiled my own List of Multiplication Rhymes which focus on the multiplication facts highlighted in the multiplication table below. I included some rhymes from the above pdf and the video and added some from the song Five Pennies Make a Nickel. All of those rhymes are in italics. The rhymes that I wrote myself are in regular print. Multiplication Table Rhymes – 1 to 20 in Ultra HD (4K) ... Tables 1-20 Numbers are easy to crunch when they are sung out loud! Table -1 (00.08) Table 1 gives you rules of repeated addition. Play this song and find out how the numbers fall into place. There is also a fun story about how Fluffy and Squeaky run to the store to have a tea-party.
